

KETANI LOGISTICS

WE KEEP YOUR BUSINESS MOVING

KETANI LOGISTICS COMPANY PROFILE

Company Overview

Ketani Logistics is a global provider of transportation, logistics, and procurement services with a focus on multimodal bulk and commodity logistics with key capabilities across rail, port, and ocean freight operations. The Company focuses on the efficient movement of mineral products, agricultural inputs, bulk commodities, and project cargo across Southern Africa and into global markets, providing seamless coordination from inland origin to destination. Ketani Logistics maintains a strong operational footprint in Zimbabwe, Mozambique, South Africa, Namibia, and Zambia, supporting export-oriented supply chains serving Europe, Asia, North America, and the Middle East.

Vision

To be the leading global provider of integrated logistics solutions, revolutionizing the transportation of bulk commodities and enhancing supply chain efficiency across Southern Africa and beyond, while delivering unparalleled value to our partners and stakeholders.

Mission

We are committed to optimizing the movement of mineral products and agricultural inputs through multimodal logistics. We aim to offer seamless coordination of rail, port, and sea freight operations, ensuring cost-effectiveness, reliability, and end-to-end visibility. Our experienced team leverages in-depth industry knowledge to provide innovative solutions, empowering our clients to thrive in complex trade corridors and global markets.

Core Services

Multimodal Strength

Ketani Logistics integrates rail, road, port, and sea freight into a single coordinated logistics solution, optimizing cost, reliability, and cargo visibility across complex trade corridors. Rail forms a core pillar of the company's capability, particularly for high-volume bulk commodities moving from inland producers to export gateways.

Rail Logistics

Ketani Logistics specializes in rail-based bulk and break-bulk transport solutions for various mineral and commodity producers, enabling efficient and safe transportation from inland locations to regional ports.

Rail services include:

- Bulk mineral and commodity rail transport
- Rail siding and loading coordination
- Cross-border rail corridor management
- Rail-to-port logistics integration
- Scheduling, tracking, and operational oversight

Warehousing, Port & Terminal Operations

Ketani Logistics manages and coordinates warehousing, port and terminal operations across key Southern African export gateways for materials emanating to and from Zimbabwe.

Port services include:

- Bulk and Break-bulk cargo handling and stockpile management
- Containerized cargo handling
- Clearing and forwarding
- Vessel loading co-ordination
- Sampling and moisture analysis
- Storage and warehousing solutions

Ocean Freight and Sea Transport

Ketani Logistics provides ocean freight solutions connecting Southern African exports to global markets.

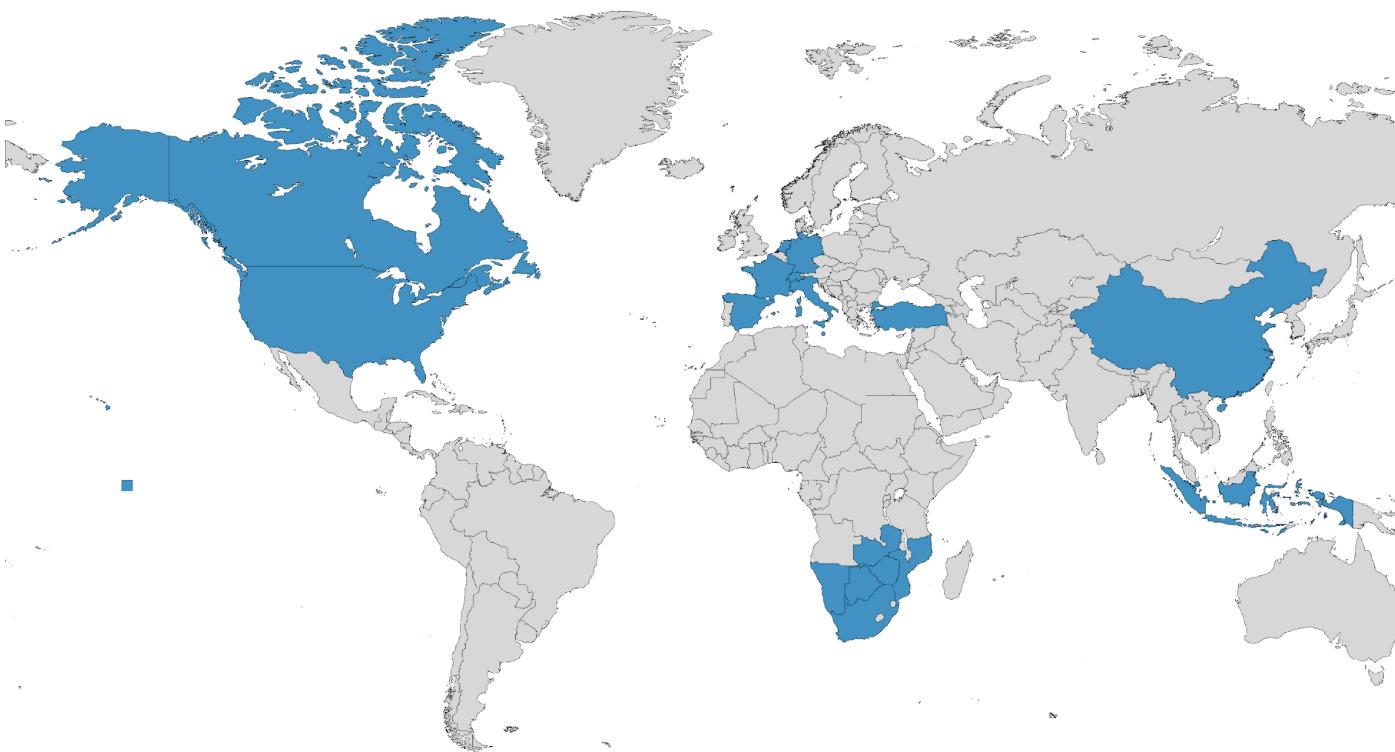

Sea freight services include:

- Bulk and break-bulk ocean freight
- Containerised shipping solutions
- Vessel chartering and scheduling support
- Cargo insurance from Port of Loading to Port of Discharge
- End-to-end shipment tracking

Commodities and Cargo Handled

- Ferrochrome (including High Carbon Ferrochrome)
- Lumpy Chrome and Chrome Concentrates
- Lithium Concentrates
- Copper Metal and Concentrates
- Nickel and Cobalt Concentrates
- Coal and Coke
- Clinker
- Fluorspar
- Fertilizers and Agricultural Inputs
- Capital Goods and Project Cargo
